SECTION

**Suggestion**

Please ensure all comorbidities are listed. All current drugs should also be listed in the Current Drug Therapy page.

Based on the current drugs, the patient could have comorbidities such as **calcium and vitamin d deficiency**.

Select comorbidity from drop down list. Enter Year of onset and indicate if date was estimated. For **Other comorbidities** not listed please enter details in Comorbidity detail.

The screenshot shows a web-based form for patient data. On the left is a vertical sidebar with a list of menu items: Patient, Patient summary, CBQ, Consent, Disease Activity, Biologic Targeted Therapy, Other Current Therapy, Previous Biologics / DMARDs / Steroids, Comorbidity, Additional Info, HRQoL, HAQ, EuroQOL, and Other. The 'Comorbidity' section is active in the main content area. It contains a 'Comorbidity' label followed by a dropdown menu currently showing '< Please Choose ...>'. A blue callout box with a right-pointing arrow contains the text 'Select comorbidity from dropdown'. Below this is a 'Year of onset' label followed by a text input field. Then is a 'Date estimated:' label followed by three radio button options: '- not set -', 'Yes', and 'No' (which is selected). At the bottom is a 'Comorbidity detail:' label followed by a large text area for additional information.
